I have tried to analyze attached Contractor's CMCC Document No. 151X5.823 with attachments as it relates to your equipment in the light of your increased rack requirements.

The additional funding required, as I compute it, is as follows:

Total required since Amendment No. 10, including new cost of one "G" rack previously ordered-----

25X1A

Previously funded on all items excluding one "G" rack Previously funded on one "G" rack-----Net Increase----

Please advise whether we should add the funding. If you have any questions on the above, I'm available.

Very truly yours,
